The William D. Ford PLUS loan program through the Department of Education has notified us that your Parent **PLUS Loan has been denied. Please be aware that the Financial Aid Office (FAO) has not been provided any information about the specific reasons for the denial. The Department of Education handles all loan denial appeals. The Department of Education may be contacted by going to www.studentloans.gov.**

This document is an opportunity for the parent and student to direct the FAO regarding a course of action concerning the PLUS denial. ***Please be advised that until this Denial Notification Option Letter is received by the FAO no further action will be taken concerning this matter.***

Parent please chose one of the following options:

- I request that the FAO cancel the Parent (PLUS) Loan and proceed to offer my son/daughter a Federal Direct Unsubsidized Loan. I understand that the amount of the loan is dependent upon the student's enrollment status and cost of attendance. I am also aware that this decision will greatly increase my child's total loan debt.
- Please cancel any additional request for the Federal Direct Unsubsidized Loan due to the PLUS Denial. No further action is required. I am aware that the student *and/or* parent is responsible for any unpaid balance on the student's account. (Parent please sign below)

My parent was denied the Parent (PLUS) loan. I am also aware that I will be solely legally responsible for repaying this loan.
